

PUBLIC NOTICE

Residents of Suwannee County can expect to receive in the mail beginning Monday, May 23rd, 2022, their County issued collections site permit decal with a letter (*seen below*) explaining the purpose of the decal and where to place it on your vehicle windshield.

On April 5th, 2022, during its regularly scheduled meeting, the Suwannee County Board of County Commissioners amended and adopted Resolution No. (2022-28) that implements the requirement of a permit decal for entry into Suwannee County Collection Site facilities. The use of the permit is to ensure appropriate county residents have access to collection site facilities and to minimize unauthorized use of the facilities.

Effective June 20th, 2022 entry into this Collections Site will require a County issued windshield permit decal. Each county resident who pays a special assessment for solid waste on their yearly tax bill will be issued two (2) collection permit decals per assessment, scheduled to be mailed in November of each year.

The permit is made of plastic material and is designed as a static cling decal for easy placement and removal. It shall be placed in the lower corner of the windshield on the driver's side, as shown below, in plain sight & for easy viewing by Collection Site Attendants. The decal is to be placed on the inside of the windshield.

***Inside (interior) Lower Corner of Driver Side Windshield**

Should you have any questions regarding this matter, please do not hesitate to contact our office.

Regards

A handwritten signature in black ink that reads "Franklin White".

Franklin White, Chairman
Suwannee County
Board of County Commissioners
